Problems:

-  5 different training systems
-  5 different team visualizations
-  4 different resource libraries
-  Multiple duplicate features
-  80% non-functional
-  Impossible to navigate
-  No clear hierarchy

 **REDESIGNED: 6 Clear Modules**

Prospect

Benefits:

-  Clear, logical structure
-  No duplicates
-  Everything works

-  Mobile-friendly
 -  3 clicks to any feature
 -  AI-powered where it matters
 -  Achievable features only
-

Mobile Navigation Example

Current (Impossible to Use):

[≡] Menu
├ 40+ items...
├ Nested menus...
├ Duplicate features...
└ Scroll forever...

Redesigned (Clean & Simple):

Bottom navigation with 6 clear icons

User Journey Comparison

Current Journey:

1. Open app → Overwhelmed by choices
2. Try to find feature → Lost in navigation
3. Click button → Doesn't work
4. Try another tab → Duplicate feature
5. Give up → Frustrated

New Journey:

1. Open app → See today's priorities
2. Need contacts? → CRM (1 tap)

3. Create content? → AI Studio (1 tap)
 4. Track progress? → Tracker (1 tap)
 5. Everything works → Happy user

The Key Insight

Less is More

- 6 modules that work > 40 tabs that don't
- Clear purpose > Feature bloat
- Manual entry > Broken automation
- Simple navigation > Complex hierarchy

The Result: A tool network marketers will actually use every day.
